times. The volunteer will not be alone with a child at any time in accordance with state regulations and should defer child guidance/discipline concerns to the supervising educator.

Drug and Alcohol Policy

In compliance with the Drug-Free Workplace Act of 1988, Huntey’s Clubhouse has a longstanding commitment to provide a safe, quality-oriented, and productive work environment. Alcohol and drug misuse poses a threat to the health and safety of our employees and the children we care for as well as the security of the company's equipment and facilities. For these reasons, Huntey’s Clubhouse has zero tolerance for drug and alcohol use.

When reasonable suspicion testing is warranted, the Director will meet with the employee to explain the observations and the requirement to undergo a drug and/or alcohol test within two hours. Refusal by an employee will be treated as a positive drug test result and will result in immediate termination of

employment.

Violence and Weapons

To ensure that Huntey's Clubhouse maintains a safe and free of violence for all employees and children, the company prohibits the possession or use of dangerous weapons on company property. This includes concealed weapon permits. Huntey's Clubhouse has zero tolerance for weapons or violence of any kind.

Security in the Workplace

Be aware of people loitering for no apparent reason in parking areas, walkways, entrances and exits, and service areas. It is the employee's responsibility to report all suspicious persons or activities to your director. When called away from your work area for an extended length of time, do not leave valuable and/or personal articles that may be accessible. The security of facilities, as well as the welfare of our employees, depends upon the alertness and sensitivity of every individual to potential security risks. You should immediately notify the Director when unknown persons are acting in a suspicious manner in or around the facilities, or when keys, security passes, or identification badges are missing.

All families and employees have a unique code to enter the facilities. From time to time, people may ring the doorbell to be let in. You should ask who they are, why they are visiting and what do they need. You should ask them to wait outside and get the Director or escort them to the office. Do not let someone into the building without a proper explanation.

If a person is picking up a child that you do not recognize, ask them for their ID. Do not fear offending a parent as they would rather know their children are in a secure, safe facility.

If you ever feel like any child is in danger, for example, an intoxicated parent, notify the Director immediately. Delay the parent's departure until you feel it is safe to release the child. If you feel endangered, release the child, and then call another parent or person on the emergency contact list, or the local police department.

Safety in the Workplace

Huntey's Clubhouse values the safety of our employees and our children. Each employee is expected to obey safety rules and exercise caution and common sense in all work activities. Employees are required to report any unsafe conditions to their supervisor. Additionally, your compliance with the following rules is mandatory:

- Employees must report immediately any accident that results in injury.
- Know the location of fire exits, first aid kits, fire extinguishers, gas shut off valves, and any MSDS (material safety data sheets)
- When performing duties, you must take care to protect your safety, as well as that of your co-workers, students, and parents

Audio and Video Surveillance

Our goal is to provide a safe and secure environment for the children and staff at our childcare center, and we believe that the use of audio and video surveillance is one of the many tools that can help us achieve this goal. All centers have cameras that allow us to monitor classrooms, hallways, outdoor play, and other common areas. In the case of an investigation, our Leadership team may revisit an event with camera footage. By working at Huntley's Clubhouse, you consent to the recording process. All footage and data are kept confidential and retained for a limited period of time.

The audio and video surveillance will be following all applicable state and federal laws and regulations, including the Childcare Organizations Act. We understand that some individuals may have concerns about audio and video surveillance. If you have any questions or concerns about this policy, please do not hesitate to contact our Leadership team via hello@huntleysclubhouse.com.

Any conduct that adversely affects your job performance, the performance of other employees, or otherwise adversely affects customers, suppliers, or anyone working on behalf of the Huntley's Clubhouse legitimate business interest, may result in disciplinary action up to and including termination. You are solely responsible for what you post online. Nothing in this policy shall unlawfully limit an employee's right to engage in legally protected concerted activities. In summary, treat people fairly, with dignity and respect, and above all, be professional in your comments and postings on social media sites.

- Resolve work-related complaints by speaking directly with co-workers or by utilizing our Open Door Policy rather than by posting complaints to a social media site.
- Express only your personal opinions and never represent yourself as a spokesperson for the company. If the company is a subject of your social media postings, best practice would be to include a disclaimer such as "The postings on this site are my own and do not necessarily reflect the views of Huntley's Clubhouse."

- Company electronic devices shall not be used at any time to access personal social media sites and/or postings, or any site deemed inappropriate or illegal including pornographic sites
- Huntey's Clubhouse reserves the right to review and record any employee's publicly available social media sites if an internal investigation ensues.

- Contains any copyrighted or other legally protected materials.
- May be considered by a court of law to be slanderous, libelous, or defamatory.
- Would negatively affect the outcome of Huntey's Clubhouse internal investigation.
- Discloses the personal and/or private information of an employee including but not limited to the employee's full name, date-of-birth, social security number, home address, landline or cell phone number, or credit card information.
- Certain violations of this policy may be considered criminal in nature and Huntey's Clubhouse reserves the right to notify law enforcement. The Company will fully assist law enforcement of the law as required.

Privacy

Employees and employers share a relationship based on trust and mutual respect. However, Huntey's Clubhouse retains the right to access all company property including computers, desks, file cabinets, storage facilities, files, and folders, electronic or otherwise, at any time. Employees should not entertain any expectations of privacy when on Huntey's Clubhouse grounds or while using company property. All documents, files, voice mails, and electronic information, including emails, and other communications, created, received, or maintained on or through Huntey's Clubhouse property are the property of the center, not the employee. Therefore, employees should have no expectation of privacy over those files or documents.

Personnel Files

Huntey's Clubhouse maintains a personnel file on each employee. These files are fully kept confidential possible. Employees may review their personal files upon request. It is important that personnel files

accurately reflect each employee's personal information. Employees are expected to inform the company of any change in name, mailing address, home phone number or cellular number, home address, number of dependents, or emergency contact information.

Children/Family Privacy

You are expected to respect the privacy of the children, their parents, and other staff members by not discussing them outside of the center environment. Information about one child should never be discussed with other parents without the specific written permission of the child's parent. Information about children or families may not be given to outside agencies without written permission by the parent. You should not have photographs of children on your personal phone.

Employee Attendance

Regular attendance is essential to the Company's efficient operation and is a necessary condition of employment. When employees are absent, ratios and employee responsibilities fall behind, and other employees must assume added workloads. All employees are expected to show up on time for their scheduled shift, failure to do so may result in disciplinary action.

To maintain high quality childcare, we strive to have consistent staffing in rooms and buildings. We understand that sickness and events happen that prohibit us from coming to work. However, we also want to avoid the instances where call-ins happen too late to cover a shift and a center is short staffed.

Call-In Policy

Call-ins should be made to the Assistant Director or Director (this varies by Center) as soon as you are aware you will be absent or late.

If you call in and do not have documentation, this is classified as an **unexcused absence**, and you will receive a write-up.

If an unforeseen event occurs, such as sickness, you must provide a doctor's note or discharge paperwork so it will be classified as an **excused absence**.

Two unexcused absences in one month will result in termination.

No Call, No Show: Absence without notification is considered a voluntary termination. In extreme circumstances, it is at the discretion of the Director.

Paid Time Off and Scheduled Absences: PTO is provided to full-time team members for the purpose of taking time away from work for personal or vacation reasons. It is important to note that PTO cannot be cashed in. At the end of each calendar year, a maximum of 20 hours of your available PTO will be rolled over to the following year. PTO is not paid out upon separation from the company and cannot be used as your last days of work.

Team Members are encouraged to plan their time off in coordination with their supervisors and in accordance with our scheduling procedures. Any paid time off or scheduled (unpaid) absences need

to be submitted in Paycor at least two weeks prior to the date(s) requested for Directors to review and approve. If it is less than two weeks prior, approval remains at the company's discretion.

Child Redirection and Managing Behaviors

As an early childhood educator, we are building the character of future leaders and members of society. We must expect that with child development can come challenging behaviors. This is how children learn appropriate behaviors and expectations.

The following steps are a quick guide to redirecting behaviors:

1. Practice active supervision always. If a child is beginning to escalate, monitor the behavior.
2. If a child is presenting a behavior that is inappropriate, get on the child's level and talk through the situation with them.
 - Asking questions such as "why do you feel that way" or "what can I do to help" can enable conversations to support solutions.
3. If a child is unable to safely continue the activity, redirect them to another activity or a quiet space until they can rejoin.
4. If a child is continually presenting dangerous behaviors, reach out to your director for assistance and document the behaviors.

Refer to policies and procedures manual, as well as regular training and direction from more experienced teachers, to handle conflict resolution and redirection.

Professional Development

Huntey's Clubhouse supports the continued education of all employees. Each staff member is required to complete 20 CEUs within the calendar year. Upon hire staff members will be added to Miregistry. The director will assign the required training and will periodically run progress reports to ensure completion. The following continuing education courses will be offered and required:

- Health & Safety Courses 1 & 2
- Infant Safe Sleep
- 2 CEUs in specific age group
- 2 CEUs in inclusive practices
- 2 CEUs in challenging behaviors
- 2 CEUs in family engagement
- 2 CEUs in social connections
- 2 CEUs in anti-bias
- 2 CEUs in ASQ-SEL training

Proof of transcript or certificate must be turned into the office for a record in your personal file. If a staff member wishes to enroll in college courses or other trainings, please notify your director.

Cell Phone Policy

Active supervision is compromised when a caretaker is on their device. Cell phone use and personal devices (including smart watches) is not permitted while a staff member is caring for children. Unauthorized texting or phone calls on a smart watch and/or cell phone use is not permitted and may result in immediate suspension or termination.

Personal phone calls, except for emergencies, are not allowed during working hours. If you are expecting an important phone call, inform your director so someone can cover your room to ensure the adult to child ratio is maintained.

If a staff member needs to use a personal device unexpectedly, they must ask to leave the room and have another staff member come into the room to ensure adult to child ratio is maintained.

Every classroom has a designated basket for cell phones and personal devices. Employees are prohibited from carrying personal cell phones, pagers, or other electronic devices for the purpose of receiving or initiating personal phone calls or other digital/electronic communications while on duty. Each room has a specified tablet used to document child activities and communicate with parents.

Cell phone use during rest time is permitted ONLY if:

- The classroom is CLEAN and organized which includes, but not limited to: Floors swept, tables three-stepped cleans, and all dishes are taken to the kitchen.
- All the children are sleeping.
- All licensing rules are being followed.

If you have any questions regarding the appropriateness of an outfit, please check with the Director before wearing it. If management feels that your dress is inappropriate, you will be sent home to change without paying for the time missed. Possible disciplinary actions may follow, as well as possible termination of employment.

You will receive different badges while you are training, new team members, and once you are past your introductory period. Wearing your badge is a mandatory part of our dress code. If it is not worn while you are working, it is considered a violation of the dress code and disciplinary action will occur.

Badges should be worn in a visible spot on your torso, either on a clip, in a badge holder, or on a lanyard. These can be personalized within reason (if it is character, etc. it must be child friendly).

After school photos are taken in the Fall, we will have a sign-up sheet for anybody who would like to request a new badge with their new photo. If your badge is lost or needs to be replaced within the first year, it is a \$5 cost. You can send your request to ideas@hunteysclubhouse.

We encourage you to leave your badge at your center, so you do not forget it.

Mandated Reporting

All employees, administrators and officers are mandated reporters of child abuse and neglect. All team members receive training on the Michigan Child Protection Law and their role and the responsibilities of being a mandated reporter. Child Abuse & Neglect statement will be signed by all employees and kept in the employee folder. Team members and/or volunteers who suspect that a child is being abused or neglected will immediately report the concerns to the State of Michigan Centralized Intake.

When a team member suspects that a child is being abused or neglected the following steps must be followed:

1. Calmly ask the child open-ended questions (to ensure the conversation is child-led vs. the adult leading the conversation) to obtain only enough information to make a report. Do not ask leading questions or force statements from the child.
2. Submit a complaint regarding suspected child abuse or neglect using the Mandated Reporter Online System by going to www.Michigan.gov/mandatedreporter. Complaints made using the Mandated Reporter Online System does not require submission of a DHS-3200. This must be completed by the team member who observed the injuries or had contact with the child regarding the report.

3. For cases which require an emergency response (imminent risk of injury, death or serious harm), call 911 and then the Centralized Intake Hotline at 855-444-3911 instead of using the Michigan Online Reporting System to submit a complaint. When calling a complaint into the hotline, MDHHS requires a written report (DHS-3200) within 72 hours of the call. This must be completed by the team member who observed the injuries or had contact with the child regarding the report.

4. Maintain confidentiality. Team member is not required to disclose to the supervisor.

Active Supervision

The children we serve every day require the best care we can provide. This means our full attention and a positive, nurturing attitude. We will treat everyone with respect and provide them with the education to enhance their future and facilitate development. Proper supervision includes the ability to see every child in your care, ratio checks and prevention of incidences or accidents.

Safety Checks

As a childcare educator it is our duty to ensure children are in a safe learning environment. Each staff member is required to check the safety of their surroundings daily. This includes monitoring for broken toys, ensuring plugs in outlets, keeping any cleaners out of reach of children, and anything else applicable. Refer to additional policy & procedures.

Cleaning

Every teacher is required to assist in the cleanliness of the center. As a high-quality center, we must maintain the top standard of cleanliness, and this takes effort from each person.

Daily cleaning duties include sweeping after every snack or meal, properly sanitizing tables and eating surfaces, sanitizing changing tables after each diaper change, sanitizing toys if a child puts in their mouth, mopping, vacuuming, and cleaning bathrooms. Each teacher is expected to clean a part of the center before leaving for the day. This ensures cleaning is part of a complete team effort and isn't left to one person.

Refer to policies & procedure manual for in depth explanation of cleaning expectations.

Employee Separation

Resignation

The Company requests that employees provide at least two weeks' written notice of their intent to resign. This notice should be submitted to the employee's manager. Dependent upon the circumstances, an employee may be asked to not work any or all their notice period, in which case they will be allowed to use up to two weeks of accrued paid time off, if available, from the time

notice is given. An exit interview may be requested.

Termination

All employment with the Company is "at-will." This means that either the Company or the employee can terminate the employment relationship at any time, with or without notice, and for any reason allowed by law or for no reason at all. An employee's at-will status can only be changed by written contract, signed by both the employee and the Owners.
